

Student Transportation Services

2019-2020 School Year

Dear Parents / Guardians:

Independent School District 191 endeavors to better serve you and your students by gathering accurate information about students who will attend before- or after-school child care facilities. The information you provide on the Student Child Care Information form is important in several ways:

1. It provides our Transportation Department with accurate counts as to the number of students who will actually ride the school bus and how many students can be expected at each bus stop. These counts help to plan efficient use of our buses. Transportation will be provided only if the child care facility is located within each school's attendance area.
2. In the event that an emergency would occur on a particular bus, your school and the Transportation Department will have access to relevant information.
3. If your child will attend a child care facility such as Project K.I.D.S., KinderCare, or any other individual provider, before or after school, any day of the school week during the 2019-2020 school year, please complete the two-part **CHILD CARE INFORMATION** form and return it to your school before June 21, 2019. You may also complete the on-line CHILD CARE INFORMATION form on the isd191.org website. **From the home page, select "Services" "Transportation" and the "Child Care Information" button on the left side of the page.** Please be sure to provide complete address information including the address of the child care provider. The information you provide will be considered confidential and will be used for internal school district purposes only.
4. If you prefer, you may print a .pdf version of the CHILD CARE INFORMATION form from the same location on the district website. This form must be completed and returned to your school or to Student Transportation Services, ISD 191, 200 West Burnsville Parkway, Burnsville, MN 55337-1613 no later than June 21, 2019.

Students eligible for transportation to and/or from their child care facility will then be included in bus routes for the first day of school.

For the safety of all students, one pick up address and one drop off address will be accommodated.

If you have any questions or concerns, please call 952-707-2067 or 952-707-2069. Thank you for your attention to this important matter.

Sincerely,

A handwritten signature in black ink that reads "Glenn Simon".

Glenn Simon

Director of Operations & Transportation
